Securina
DETECTION SYSTEM

◆ Model: HS-07 waterproof portable metal detector

HS-07 is a new design waterproof handheld metal detector with an IP68 waterproof rate that can be worked in a **30m(Max) deep(98.42-ft) underwater** environment. And **big 12cm diameter detection coil** can be immersed in water. HS-07 portable metal detector also can work for **underground metal detection with a 10cm(3.93inch) detection depth.** The **round detection coil can rotate 90degree**, better for detecting in deeper places. **LED display indicating the battery power and detecting signal** for better working in dark places.

of **12cm** can immersed in water

Ø12 cm

X Ray Screening System, Under Vehicle Scanning System, Explosives and Narcotics Detection,
Liquid Scanner, Walk Through Metal Detectors, Explosive Disposal Device

◆ HS-07 waterproof portable metal detector features:

1. **Pulse induction:** This technology allows hunting in salt water or any type of soil on the beach, including grass, mud, dust, sand, black sand and water.

2. **Advanced Waterproof:** IP68 grade high-strength waterproof, **30 meters underwater completely waterproof,** most suitable for seabed treasure hunting.

3. **Functionality:** A portable metal detector equipped with a **backlit LED screen can display signal strength and battery status.** The closer you are to the target, the signal.

4. **Detection ability:** High sensitivity can improve the ability to detect small targets, and quickly and accurately locate coins, silverware, jewelry and gold. **Big detection coil with 120mm diameters.**

HS-07 Specification	
Material	ABS
Color	Yellow or Green (optional)
Turn ON/OFF	Touch switch
Detection coil(diameter)	120mm
Detection coil moving	Rotate 90 degree
Alarm mode	Audio or vibration
Detection sensitivity	5-8cm (for detecting a dollar coin)
Waterproof rating	IP68 (<30m depth underwater)
Working temperature	-20°C to 60°C
Battery	1*6F22 9V battery(not included)
LED display	LED screen display the battery power situation and detecting signal
Dimension of Unit	445(L) X 125(W) X 50(H)mm
Weight of Unit	318G(without battery)
Packing details	50pcs one carton

◆ HS-08 waterproof portable metal detector features:

➢ **360 Degree metal detection and Optional Three Mode:** Audio, Vibrate, Audio and Vibrate at the same time. Portable metal detector HS-08 is suitable for quiet, noisy, seabed and other different environments.

➢ **Full Waterproof IP68 Design:** In any weather, heavy rain, even in the lakes, rivers, ponds and oceans, you can sink the pinpointer metal detector waterproof into the water to find the treasures hidden under the water. Other leading pinpointer metal detectors waterproof can not be completely immersed in water. **Waterproof depth arrived at 15-30 feet（5-8meters).**

➢ **Deep Detection of Various Metal:** Handheld metal detector wand can target the object rapidly and accurately (up to 4.5 inches|11cm)! It can detect iron, aluminum, gold, bronze, silver and other metal products (like Zinc, Tin, Lead, etc). It can help you achieve small-scale precise positioning that large underground metal detectors can't do.

➢ **One Button Operation, Lightweight Portable Design:** Single-button operation for Power(Long Press) and Mode Conversion(Click once). All you need to do is press the button and start hunting! The length and weight of the metal detector pinpointer are only 10.43 inches and 5.6ounces respectively. It's a perfect gift for various people like kids, men, and seniors as a Christmas gift, Birthday gift, Holiday present, etc

HS-08 Specification	
Material	ABS
Color	Yellow or Black (optional)
Alarm mode	Audio or vibration
Detection sensitivity	3-5cm (for detecting a dollar coin)
Waterproof rating	IP68(<5-8m depth underwater)
Working temperature	-20℃ to 60℃
Battery	1*6F22 9V battery(not included)
LED flashlight	LED flashlight assists in dark and low light conditions.
Dimension of Unit	260(L) X 40(W) X 22(H)mm
Weight of Unit	162G(without battery)
Packing details	50pcs one carton, , carton size: 34x34x57cm/12.2kgs

◆ HS-11 waterproof IP68 portable metal detector pinpointer

HS-11 waterproof metal detector with features audible and vibrating alarms to indicate the presence of metal objects. The alarms increase in intensity as the pinpointer HS-11 is moved closer to the metal target. Microprocessor circuitry ensures maximum sensitivity and requires no adjustments or fine-tuning. Additional features include a pinpointing tip, side-scanning capability, an LED flashlight to assist with low-light hunting, a woven belt holster for easy portability, and a sifting blade to help scrape away soil during recovery.

Pinpointing Tip
360° Side-Scan Detection Area
Exclusive Scraping Blade
LED Flashlight
LCD Screen
Power Switch
Speaker
Holster
Battery Cover
Missed rope

Two colors:
Black + purple
Red + Black

⚠ WARNING
Waterproof must tighten the corresponding position

◆ HS-11 waterproof portable metal detector features:

1. High Sensitivity: HS-11 metal detector has a high sensitivity that can **detect 2mm tiny needles**, perfect for working indoors, outdoor, on sand, lawn, or soil with speed and accuracy.

2. Full waterproof IP68: This metal detector can be widely used in security inspection, archaeological treasure exploration, and prospecting. IP68 waterproof can use **underwater max in 30m depth.**

3. 360 Degree Detect: This pointer metal detector can scan 360 degrees quickly, covering a large area, and providing high efficiency.

4. LCD screen display: the small **LCD screen displays the battery power situation and detection signal.**

5. High Strength ABS Shell: The shell of this detector is made of excellent ABS material, which is drop resistant and has good durability.

6. LED flashlight: Bright LED flashlight, can be used in the dark.

HS-11 Specification	
Material	ABS
Color	Red or Black (optional)
Alarm mode	Audio or vibration
Detection sensitivity	High sensitivity can detect 2mm needles 5-8cm (for detecting a dollar coin)
Waterproof rating	IP68(<30m depth underwater)
Working temperature	-20°C to 60°C
Battery	1*6F22 9V battery(not included)
LCD screen display	Battery power status and detection signal
LED flashlight	LED flashlight assists in dark and low light conditions.
Dimension of Unit	255(L) X 34(W) X 4(H)mm
Weight of Unit	153G(without battery)
Packing details	50pcs one carton, , carton size: 34x34x57cm/13kgs
